PROFESSIONAL SUMMARY

Backend Developer specializing in Java and Spring Boot with hands-on experience building production-style backend applications. Skilled in designing secure REST APIs, implementing Spring Security with JWT/OAuth 2.0 authentication, and containerizing applications using Docker. Currently expanding expertise in Spring AI, microservices, cloud technologies, and distributed systems.

Technical Skills

Programming Languages: Java, SQL, Python, C++

Backend & Frameworks: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT, OAuth 2.0

Databases: PostgreSQL, MySQL, Redis

DevOps: Docker, Docker Compose

Developer Tools: Git, GitHub, IntelliJ IDEA, Postman, Maven, Swagger/OpenAPI

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), DBMS, Operating Systems, Computer Networks, HTTP, RESTful API Design

Projects

CampusHive | Java, Spring Boot, Spring Security, MySQL, JWT, OAuth 2.0, Docker **April 2026 – July 2026**

- Developed a multi-university event management platform supporting university event management, ticket booking, and student communities.
- Built secure REST APIs with JWT, OAuth 2.0, role-based authorization, pagination, and Spring Security.
- Containerized the application using Docker and Docker Compose following modular and production-ready backend practices.

AI Advertisement Generator & Chat Support System (Under Development) **July 2026 – Present**

- Building an AI-powered platform for advertisement generation and intelligent customer support using Spring AI.
- Integrating Large Language Models (LLMs) to generate marketing content and provide context-aware conversational responses.
- Designing a modular backend with Redis caching, prompt engineering, and Dockerized deployment.

Hotel Management System | Java, JDBC, MySQL **December 2025**

- Built a console-based hotel management system using Java, JDBC, and MySQL.
- Implemented room booking, customer management, billing, and check-in/check-out modules.
- Applied OOP principles and JDBC for efficient database operations.

Certifications

- Spring Boot - Udemy
- Smart India Hackathon 2K25
- Hack'Vento 2K26
- Analytical Thinking and Logical Reasoning - Board Infinity

Education

Medicaps University

Bachelor of Technology in Information Technology

Aug, 2024 – Present

Indore, Madhya Pradesh

Achievements

- Solved 280+ DSA problems on LeetCode.
- Participated in Smart India Hackathon 2025.
- Participated in Hack'Vento 2026.
